

**Trail 1. Visitor Center – Kong Kaew Waterfall | 1.2 Km | 1 Hr walking time**

*Trailhead starts near the swing bridge behind the visitor center. It is a concreted trail with interpretation boards. The terrain is slightly steep but safe to trail without guide.*

**Trail 2. Orchid Campsite – Haew Suwat Waterfall | 3 Km | 2 Hrs walking time**

*From the campsite, the trailhead is located at the end of the parking lots. Arriving Haew Suwat Waterfall, the finishing point is near the restaurant and souvenir shop. It is a concreted trail, easy to follow and safe to trail without guide.*

**Trail 3. KM 33 – Nong Pak Chi wildlife watchtower | 3.3 Km | 2 Hrs walking time**

*The trailhead is next to the park main road at Km 33 (7 Km from the Head Quarter). There is a small car park. The end of the trail passing is about 200 meters along the dirt road back to the main road again. The trail is good for impressive big trees and wildlife.*

**Trail 4. Dong Tiew – Mo Sing To (Sai Sorn Reservoir) | 2.7 Km | 1.30 Hrs walking time**

*The trailhead is located across the road just south (uphill) from the Head Quarter's main restaurant. At the first intersection, turn left to follow the trail down through a mosaic of scrubby secondary forest and grassland to the dam wall of Mo Sing To or Sai Sorn Reservoir. Cross the dam wall to return to the park main road.*

**Trail 5. Dong Tiew – Nong Pak Chi wildlife Watchtower | 5 Km | 3 Hrs walking time**

*The trailhead is located across the road just south (uphill) from the Head Quarter's main restaurant. After about 2.5 Km reaching an area of grassland and secondary forest overlooking Khao Keow mountain. There is junction here. Take the left down through the forest to Nong Pak Chi Watchtower. From this point, walk about 1 Km along the dirt road to the card park. Walk or hitch hiking about 2 Km to the visitor center. This trail is good for wildlife gazing.*

**Trail 6. Visitor Center – Haew Suwat Waterfall | 8 Km | 5 Hrs walking time**

*The trailhead is located either by the swing bridge behind the visitor center or by the swing bridge above Kong Kaew Waterfall. The terrain is steep in some places. Falling trees and streams provide obstacles to cross. Arrange pick up by car from the car park at Haew Suwat Waterfall or hitch hiking back to the Head Quarter.*
