Your tickets appear here in the **'My tickets'** tab. There is an icon that denotes the number of tickets enclosed for this event. **Click on the ticket to open it.**

This is the ticket you use to access the event. On the day of the event, the QR code will become active and animated. **Event details and content are in the lower part of the ticket.**

The entry QR code on the ticket **only activates on the day of the event** for security reasons. The QR code will begin moving to show that it is active.

Single ticket

Indicates multiple tickets

If you have bought multiple tickets for the same event, you will find the multiple ticket indicators at the top of the ticket. **Simply swipe across to access more tickets.**

You can transfer a ticket to someone else (please refer to ticket transfer information page)

2. HOW YOUR DIGITAL TICKET WORKS

To prevent ticket fraud, the app detects any screenshots made of the ticket and clearly identifies this for staff at the entrance. The system may cancel a ticket that has been screenshotted.

The 'More' tab reveals a series of options that you can use and reference as required.
