

# Eligibility for Head Spa Treatments at Head Feel Good

To ensure the safety and comfort of all our guests, we recommend reviewing the eligibility guidelines below before booking a head spa treatment at Head Feel Good. Some individuals may not be suitable for certain treatments, particularly those involving pressure point techniques, due to specific medical conditions or sensitivities.

## **Unfortunately, we cannot accept bookings from guests with the following conditions:**

**Pregnancy:** Our treatments involve targeted pressure point massage, which may be too intense given the hormonal changes and sensitivities that accompany pregnancy. As a precaution, we do not offer head spa services to expectant mothers to prevent any potential adverse reactions.

**Cancer:** Your safety is our top priority. For guests currently undergoing cancer treatment, we require a written clearance from your healthcare provider before scheduling a session. Without a doctor's consent, we are unable to proceed with treatment to avoid any additional risk.

**Radiation Therapy:** To ensure the well-being of our therapists and other guests, we cannot provide treatment for individuals currently undergoing radiation therapy. Please consult with your healthcare provider for alternative relaxation therapies.

**Recent Injuries, Dislocations, or Post-Surgical Recovery:** If you are recovering from recent injuries or surgeries, please consult your doctor before booking a treatment. A written approval from your healthcare provider is required to proceed, as we do not wish to interfere with your healing process.

**Contagious Diseases or Viral Infections:** For the safety and health of all, we cannot accept bookings from guests with contagious illnesses to protect both our therapists and other clients.

## **Conditions for Which We Offer Modified Treatments:**

If you experience any of the following conditions, please inform us in advance so we can tailor your treatment accordingly.

**Baldness or Alopecia:** We are pleased to accommodate guests with minimal or no hair. For those opting out of the hair treatment, we can replace and focus more on the massage portion of the service. Scalp massage has been noted to encourage blood flow, which may support hair health.

**Non-Contagious Dandruff, Psoriasis, or Dermatitis:** For mild, non-bleeding, and non-inflamed cases, our head spa treatments can help cleanse the scalp and promote a healthier environment. Our detoxifying products, combined with gentle massage, may help reduce sebum buildup and improve blood circulation, nourishing the scalp and skin.

Please let us know if you have any of the above conditions, so we can make appropriate adjustments to enhance your experience at Head Feel Good.

# 服務對象

為確保所有顧客的安全和舒適，我們建議在預約「Head Feel Good」的頭部水療服務前，請先閱讀以下服務對象指引。部分療程可能不適合某些特定健康狀況或敏感體質的顧客，特別是涉及指壓技術的療程。

## 以下情況無法接受預約：

- 懷孕：我們的療程包含針對壓力點的按摩技術，可能會對孕婦的荷爾蒙變化和敏感體質造成影響。為安全起見，我們不提供頭部水療服務給孕婦，以避免可能的副作用。
- 癌症：您的安全是我們的首要考量。對於正在接受癌症治療的顧客，我們需要您提供醫療機構的書面許可才能預約療程。若無醫生同意，我們無法提供服務，以免增加額外風險。
- 放射治療：為了顧客與技師的健康，我們無法為正在接受放射治療的顧客提供服務。請諮詢您的醫療機構，尋求其他替代放鬆療法。
- 近期受傷、脫臼或術後恢復：如果您正在從近期受傷或手術中康復，建議您在預約前先諮詢您的醫生。我們需要醫療機構的書面許可，以免影響您的恢復過程。
- 傳染性疾病或病毒感染：為了所有顧客和技師的安全，我們無法接受傳染性疾病的顧客預約，避免交叉感染。

## 提供特別調整的情況：

- 禿頭或脫髮：我們非常樂意為無髮或髮量少的顧客提供服務。若您不想進行頭髮相關的療程，我們可以改為頭皮按摩部分。頭皮按摩有助於促進血液循環，增進頭皮健康。
- 非傳染性頭皮屑、銀屑病或皮炎：對於非出血、無發炎的情況，我們的頭部水療服務能幫助清潔頭皮並促進健康環境。配合溫和按摩，我們的排毒產品或能減少油脂堆積並促進血液循環。

如果您有上述情況，請事先告知我們，以便進行適當的調整，提升您在「Head Feel Good」的體驗。
