

YOUR WELLBEING IS OUR TOP PRIORITY

We have all adapted to this new world, where it's imperative for us to take additional measures to stay healthy. That's why you can travel with us reassured that we have put numerous new measures in place to elevate our hygiene standards. The health and well-being of our guests and team has always been, and always will be, our primary concern.

The following measures have been implemented across our coach tours. For more information on the measures relating to our rail tours, private chauffeured experiences, and attractions, please visit our website.

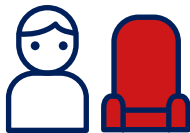

Physical distancing measures are in place during check-in, boarding and to disembark our vehicles

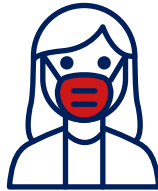

Vehicles are fully sanitised before the start of each tour. All surfaces are cleaned and disinfected daily

Hand sanitiser, antiviral sprays and wipes are available on board to use throughout the day

The maximum capacity of our vehicles will be limited, and seating is planned so that empty seats are left next to single travellers and odd numbered groups

Guests are encouraged to bring their own face coverings as these must be worn throughout the tour. A supply of spare disposable masks will also be made available at check-in

Guests are provided with personal audio headsets so distancing can be maintained when listening to commentary

We encourage guests with e-tickets to bring these on their smart devices, and we recommend contactless payments only

All tour inclusions have been vetted to ensure they adhere to physical distancing and hygiene guidelines

Our team, including our guides and drivers have been newly trained in our enhanced hygiene and physical distancing procedures

Updated June 2020. For the most up-to-date information please visit www.evanevantours.com/travel-health
