THE BEST VIEW OF MILAN

The Company

Milan Open Tour was born in 2015 from the joint venture of Stav Autolinee and Air Pullman, transport Italian companies present in Lombardy since the beginning of last century. The know-how and knowledge gained over time flow daily into the experience offered to the passengers of the Milan Open Tour. Knowledge of the territory, know-how and modern buses allow us to offer our customers an all-round experience, making us excellent business partners.

In 2020, referring to the thought of Alessandro Manzoni (famous Milan writer), who defined «MILANESITÀ» the philosophy of life inspired by beauty and efficiency, we created a new image or our brand linked to «milanesità».

Service presentation

Milan Open Tour offers to its tourists the possibility to discover the most fascinating place in Milan, on board modern double-decker buses with customized livery dedicated to excellence of our territory.

The tourists might admire the panoramic view “lulled by the wind” and protect to bad weather thank to the roofs of our buses are completely re-closed and the internal spaces are warming. With Milan Open Tour you can go ahead the heart of Milan. An enthusiastic live experience to know-well the beauties of the city with a one trip, comfortable seated and relaxed, saving your time than you can dedicated, in a second time, to vist the top attraction discovered during the panoramic tours.
